SMUSD School Counseling Mission Statement

The mission of the San Marcos Unified School District Counseling Program is to support quality education and to ensure every student in the district is prepared with the knowledge, attitudes and skills needed in Academic, Career and Personal/Social development to become a responsible member of a global society.

Student Services

School Counseling– School Counselors are available for academic, career, individual, and crisis/intervention counseling.

Conflict Resolution– School Counselors assist students in mediations and teaching strategies on how to resolve future problems.

Support Groups– Students meet once a week with an adult facilitator to address academic and personal/social issues. Students may self-refer or be recommended by a teacher, parent or counselor.

Multi-Tiered System of Support (MTSS)- School Counselors coordinate and assist in development of interventions for students with teachers and parents. This process is utilized only when all other classroom interventions have been unsuccessful.

California Junior Scholastic Federation (CJSF)- CJSF prepares the student for CSF in high school. Students who are members for at least 3 semesters in the 7th and 8th grades will receive a gold seal on their promotion certificate. There's an application window at the beginning of each semester. Visit www.csf-cjsf.org for more information.
